WMY 1048 LB1

10kg Front Loading Washing Machine

Steam Therapy™

- 10kg washing capacity
- 4.5 Star WELS water rating
- 4 Star energy rating
- 1400 rpm with 16 programs
- White backlit text LCD
- Woolmark Gold approval
- Allergy UK Approval
- Anti Allergy+
- Overflow safety, Watersafe+ & child lock safety systems

Steam Therapy™

Beko Steam Therapy uses steam to eliminate odours from clothing in 20 minutes. It is ideal for occaisions when your clothes need a quick freshening up. Steam Therapy also reduces ironing time by up to 43%.

Auto Program

Beko Washing Machines with Auto Program automatically adjusts the water amount according to the weight of the laundry. It also selects the best program according to the amount of washing needed for the load.

Memory Function

The memory function provides quick access to your favourite wash stetting by storing your custom settings for future use. Simply selected you desired setting and hold down the memory button.

Direct ProSmart Inverter Motor Technology

Direct ProSmart Inverter Motor Technology provides superior efficiency and reliability by consuming less energy whist prolonging the life of the machine. Uniquely patented unbalanced load detection and combination of different wash motions will deliver a superior washing experience.
